### Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of an exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? ### A Visit By Our Grand Master.

Grand Master B. G. Abernathy, of Orlando, met with us on our last meeting night of the I. O. O. F., Thursday night, April 15. We had a very important meeting, doing some good work.

The Grand Master made us a long and interesting talk in which he gave some good results that had been and might be obtained by this grand order. He also complimented us highly on the way we conferred the different degrees on new members, also the great number of members that we have enrolled, stating that we had about third best lodge in the state. Each member expressed, either in words or expression, his appreciation of having the Grand Master with us and hearing the encouraging words spoken by him urging us to be and act as brothers in the same fraternity. After the work was over the lodge was declared to be at ease, the time given to speaking to, and shaking hands with the Grand Master; getting better acquainted with him, while the lodge was enjoying some delightful cigars, which had been furnished for that particular occasion. The lodge extended a standing invitation to our Grand Master, urging him to call again at his earliest convenience.

### Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by Barclay & Groover, druggists.
